

College Research for Afghan students

Project Title	College Research for Afghan students
Project Summary	The intern would research and report on colleges that could provide partial or full scholarship for Afghan students.
Country	Afghanistan
Agency	Department of State
DoS Office	N/A
Post	KABUL
Section	PAS
Number of Interns	1

Project Description

The intern would research and report on colleges that could provide partial or full scholarships for Afghan students. The report should include brief information on the college, which could include its national ranking, a description of the town, the school's diversity, available majors, etc. The report would be distributed throughout Afghanistan by the U.S. Embassy and its network of American Spaces (called Lincoln Learning Centers). It would also be used at the Kabul Educational Advising Center, where most of the Embassy's most detailed educational advising is offered.
